DISCUSSION:

The California State Legislature passed, and the Governor signed, Assembly Bill 361 (Rivas, 2021) (AB 361), which amends the Government Code to allow Brown Act bodies to continue to meet remotely if certain elements are met. AB 361 took effect immediately and applies to all Brown Act boards, committees, and commissions. Below summarizes the ongoing declared emergencies related to the COVID-19 pandemic and the current status of community transmission.

Federal and State

On January 31, 2020, the Secretary of Health and Human Services (HHS) declared a public health emergency under section 319 of the Public Health Service Act (42 USC § 247d) in response to COVID-19. On March 13, 2020, the US President declared a national emergency concerning the COVID-19 pandemic which on February 18, 2022, was extended beyond March 1, 2022. On March 4, 2020, Governor Newsom declared a state of emergency for conditions caused by COVID-19 which has been extended until March 31, 2022.

Santa Barbara County

On March 12, 2020, the Santa Barbara County Director of Emergency Services proclaimed a Local Emergency as a result of the COVID-19 and the Santa Barbara County Health Officer declared a Local Health Emergency, due to the imminent and proximate threat to public health from the introduction of COVID-19 in Santa Barbara County. Thereafter, on March 17, 2020, the Santa Barbara County Board of Supervisors ratified the Proclamation of a Local Emergency and the Declaration of a Local Health Emergency which remain in effect.
As of February 16, 2022, the Santa Barbara County Public Health Officials continue to recommend utilizing teleconferencing options for public meetings as an effective social distancing measure to facilitate participation in public affairs and encourage participants to protect themselves and others from the COVID-19 disease (Attachment 1). As of March 9, 2022, Santa Barbara County is categorized as having a “substantial” level of community transmission by the US Centers for Disease Control and Prevention's four-tiered system. As of March 8, 2022, the Santa Barbara County Public Health Department reports a case rate of 6.54 per 100,000 and a 3.2% testing positivity rate.

**Ventura County**

On March 12, 2020, the Ventura County Public Health Department declared a local health emergency in response to 1) increased spread of novel coronavirus (COVID-19) across the country 2) in alignment with the Governor of California’s Declared State of Emergency and mass gathering guidance 3) an increase of local cases. Thereafter, on March 17, 2020, the Ventura County Board of Supervisors proclaimed a Local Emergency and ratified and extended the Declaration of a Local Health Emergency which remain in effect.

On September 21, 2021, the Ventura County Public Health Officer recommended “that physical/social distancing measures continue to be practiced throughout our Ventura County communities to minimize the spread of COVID-19, including at meetings of the Board of Supervisors and meetings of other legislative bodies of the County of Ventura.” (Attachment 2). As of March 9, 2022, Ventura County is categorized as having a “moderate” level of community transmission by the US Centers for Disease Control and Prevention's four-tiered system. As of March 9, 2022, the Ventura County Public reports a case rate of 9.3 per 100,000 and a 2.6% testing positivity rate.

HEALTH OFFICIALS AB 361 SOCIAL DISTANCE RECOMMENDATION

COVID-19 disease prevention measures, endorsed by the Centers for Disease Control and Prevention, include vaccinations, facial coverings, increased indoor ventilation, handwashing, and physical distancing (particularly indoors).

Since March 2020, local legislative bodies—such as commissions, committees, boards, and councils—have successfully held public meetings with teleconferencing as authorized by Executive Orders issued by the Governor. Using technology to allow for virtual participation in public meetings is a social distancing measure that may help control transmission of the SARS-CoV-2 virus. Public meetings bring together many individuals (both vaccinated and potentially unvaccinated), from multiple households, in a single indoor space for an extended time. For those at increased risk for infection, or subject to an isolation or quarantine order, teleconferencing allows for full participation in public meetings, while protecting themselves and others from the COVID-19 virus.

Utilizing teleconferencing options for public meetings is an effective and recommended social distancing measure to facilitate participation in public affairs and encourage participants to protect themselves and others from the COVID-19 disease. This recommendation is further intended to satisfy the requirement of the Brown Act (specifically Gov't Code Section 54953(e)(1)(A)), which allows local legislative bodies in the County of Santa Barbara to use certain available teleconferencing options set forth in the Brown Act.

Re: Recommendation regarding Social Distancing and Continued Remote Meetings of Legislative Bodies

I strongly recommend that physical/social distancing measures continue to be practiced throughout our Ventura County communities to minimize the spread of COVID-19, including at meetings of the Board of Supervisors and meetings of other legislative bodies of the County of Ventura.

California Department of Public Health ("CDPH") and the federal Centers for Disease Control and Prevention ("CDC") caution that the Delta variant of COVID-19, currently the dominant strain of COVID-19 in the country, is more transmissible than prior variants of the virus, may cause more severe illness, and that even fully vaccinated individuals can spread the virus to others resulting in rapid and alarming rates of COVID-19 cases and hospitalizations ([https://www.cdc.gov/coronavirus/2019-ncov/variants/delta-variant.html](https://www.cdc.gov/coronavirus/2019-ncov/variants/delta-variant.html)). Additionally, the CDC has established a "Community Transmission" metric with 4 tiers designed to reflect a community’s COVID-19 case rate and percent positivity. Ventura County currently has a Community Transmission metric of "high" which is the most serious of the tiers.

Whether vaccinated or not, positive individuals are contracting the Delta variant and infecting others in our communities. Social distancing and masking are crucial mitigation measure to prevent the disease’s spread. Remote meetings of legislative bodies of the County, including but not limited to the Board of Supervisors, are a recommended form of social distancing that allows for the participation of the community, staff, presenters, and legislative body members in a safe environment, with no risk of contagion. It is recommended that legislative bodies of the County continue to implement 100% remote meetings.

If you have any questions regarding this recommendation, please do not hesitate to contact me.

## BEACON EXECUTIVE COMMITTEE MEETING MINUTES

**DATE:** Special Meeting held Friday, December 10, 2021  
**TIME:** 12:30 PM  
**PLACE:** TELECONFERENCE  

| Item | Organization and Program Review  
|------|--------------------------------|
| 3    | Recommended Actions:  
|      | i. Receive and file a Staff Report on Organization and Program Performance.  
|      | ii. Direct Executive Staff to prepare a Staff Report for the BEACON Board of Directors outlining a proposal for completing the Organizational and Program Performance Evaluation |
Executive Director, Marc Beyeler, explained that the Executive Committee was established in February 2021. The Committee is charged with a number of responsibilities including an annual evaluation of BEACON’s goals, structure, and performance, directed to continually improving the planning, coordination, and implementation process. Marc explained that the annual evaluation accomplishes the following:

- Assist BEACON manage limited resources
- Improve decision-making
- Assist BEACON improve program implementation and effectiveness
- Provide information about agency and program expenditures
- Document program accomplishments

This year many things have already been accomplished with several major changes to BEACON’s goals and objectives, structure, and program operations and procedure that are intended to improve BEACON’s program and organizational effectiveness. These changes will contribute to the program evaluation. As summary of the changes already in place include:

a. Changes to BEACON’s Bylaws.
b. Adoption of the first BEACON Strategic Planning Goals and Objectives. This document includes a two-year implementation schedule for 2021-22 and will be important in evaluating early implementation actions and achievements.
c. Changes to the BEACON organizational structure with approval of an Executive Committee and a Science Advisory Committee (SAC).
d. Improvements to BEACON financial planning and budgeting. The Board adopted two important new financial features:
   i. The initial annual Budget Resolution.
   ii. Revised Budget and Accounting ledger that separated capital and operating revenues and expenses. This change will make it easier to chart changes in operational revenues and expenses and to understand the impact of capital projects and grants on personnel, financial, and cash flow resources.

The staff report recommends the following strategies towards implementing the program evaluation:

1. Adopt a bi-annual two-year evaluation period, and
2. BEACON fund and hire a consultant to develop and complete an evaluation work plan and an initial evaluation, including both qualitative and quantitative numeric, financial, and programmatic metrics, and suggested recommendations for program improvement.

- Director Richards asked what is the ballpark cost of the consultant contract?
- Ex Dir Beyeler responded that it would be between $20 and $30 K occurring once every two years. This cost is within the BEACON budget.
• Director Friedman recognized the need for the additional resources. Director Friedman is supportive of the use of a specialty consultant. BEACON is leading the charge in many ways and is setting an excellent example for other agencies statewide. At approx. $10K/ year, this is a wise expenditure.
• Chair Hart supported the recommendation for a consultant. BEACON is in a very important role.
• Director Ramirez indicated she was fully supportive of the recommendations.
• Director Richards added that given the time it takes to perform a program evaluation, performing it every two years makes good sense.
• Ex Director Beyeler indicated that the program evaluation will also address changes to Bylaws to make it biennial rather than annual.

Public Comment.
• None received.

BOARD ACTION: The Board unanimously approved the Recommended Actions.
Moved by Friedman / Second by Richards.

The meeting was adjourned.
